2. Attached you will find the following:

a. [redacted] (black notebook). This has been modified to reflect your comments received this morning. Also, as I mentioned to you this afternoon, there have been some suggested changes in wording by the analysts [redacted] has not seen or reviewed since he has been on leave and, it is my understanding, that he will not be here for the Pre-Brief on Monday because of a prior commitment with General Jones). The pages where these changes occurred are noted with paper clips. Also you will note at the "Transition page" in the middle of the briefing a background memo from the analysts explaining why they made the suggested changes that they did on this page. (FYI: there is a memo from [redacted] stuck in the back of the book which relates to Soviet use of neutral or friendly air space -- thought you might find this interesting.)

b. Possible Handouts. These are suggested handouts forwarded by Bruce Clarke for your consideration. For your last meeting with the President you had intended to take the IIM entitled [redacted] however, since that was dated 4 March I believe that is OBE and is therefore not included in this package. [redacted]

3. Do you still want us to include the [redacted] briefing as a possible filler for Tuesday's briefing? Yes ☒ No ☐
Are there any other topics, e.g. [redacted] etc. Yes ☐ No ☒
